Welcome to the Traverse City West Titan football family! We are proud to have your amazing young men interested in playing Titan football.

Our 6th grade flag football program runs after school until around 4:30pm on Tuesday and Thursday afternoons from April 13th to May 20th. The main focus of our program is "FUN." Our coaches will introduce your child to the basic skills, fundamentals, and schemes that our program is built upon.

The first few days will consist of skill development and team unity activities. The following weeks will consist of activities that will help your child grow as an athlete and a football player as well as daily games!
